IMPORTANT MESSAGES

HANDICAP

Each bowlers handicap is figured by subtracting their average from 240 and multiplying that figure by 90%. It has already been figured for you on the standing sheet. To figure your teams handicap for each game, add together the handicaps of the people bowling and enter it on the tally sheet.

ABSENT BOWLERS

Take 10 pins off of the highest absent bowlers average & use that figure for their score. Use their handicap to figure the teams handicap. Write ABS on re-cap when used.

SUB OR NEW BOWLER

Please print bowlers FULL name on the re-cap sheet. A new bowlers average is figured after they bowl all 3 games. You will not be able to figure the team handicap until the new bowler's average is figured.

BOWLING THE GHOST TEAM

In order to get a win you cannot bowl less than 40 pins under your teams average.
