### Individual High Averages

#### Important Messages

##### HANDICAP

Each bowler's handicap is figured by subtracting their average from 240 & multiplying that figure by 90%. It has already been figured for you on the standing sheet. To figure your team's handicap for each game, add together the handicaps of the people bowling & enter it on the tally sheet.

##### ABSENT BOWLERS

Take 10 pins off of the highest absent bowler's average & use that figure for their score. Use their handicap on the standing sheet to figure the team's handicap. Write ABS on recap sheet next to their name.

##### SUB OR NEW BOWLER

Please print bowlers whole name on the recap sheet. A new bowler's average is figured after they bowl all 3 games. You will not be able to figure the team handicap until the new bowler's average is figured.
